

New Horizon Quality Assessment & Skill Development Center

NHQASDC has been established with the main aim and goal of increasing the effectiveness of each member in particular and the institution as a whole. The center has focused on developing assessment tools for all the teaching and non-teaching members of New Horizon Educational Institutions, to know and understand their potential and to organize various kinds of relevant skill development programs.

The center ensures that all the members of New Horizon College of Engineering are provided help and support for strengthening their capabilities to empower the student fraternity at all levels in each department and in various fields.

In specific to New Horizon College of Engineering, the center has devised a variety of assessment tools and training programs in the form of faculty and management development programs, which focus on the overall development of the faculty members of various departments. We invite eminent and seasoned professionals to conduct these programs based on the requirement of each department.

Here is what some of them have to say about our institution:

➤ **Dr. Arun Bharadwaj**

Founder and chief mentor of Happiness Technology- ‘transforming good to great’

Dr. Bharadwaj commended the initiative taken by The New Horizon College of Engineering in enhancing the quality of higher education amongst the student fraternity. He appreciated the institution’s positive environment with its varied industry collaborated laboratories, which are conducive for producing creative and skilled individuals for society.

➤ **Dr. T.K.S Lakshmi**

Retired educationist, former Dean and faculty of education at the Banasthali Vidyapith Rajasthan.

Dr. Lakshmi, having more than 30 years of experience in the field of education, opined that it was a wonderful experience for her to address the teaching and non-teaching faculty of New Horizon College of Engineering on the issues of human rights in general, and women’s rights in particular.

➤ **Dr. R Krishna**

Professor in management and CEO- Ramanuja management services- ‘nurturing human resources, enhancing performance’

Dr. Krishna speaks about the warm reception given by The New Horizon College of Engineering during his presence whilst conducting faculty development program for the faculty members of all the departments. He also appreciated the new initiative of the establishment of the quality assessment and skill development center which is incidental in inspiring and ensuring the organization’s vision of creating qualitative educators.

➤ **C.V Ramanan**

CEO, Ladder consultancy services pvt. Ltd,

During C.V. Ramanan’s management development programme, he said that he experienced true leadership qualities and humanity in all the leaders of the departments and he wished that the institution would truly enable many leaders to contribute to the society.

➤ **Eshwar Sundaresan**

Counselor, Life skills trainer, author and free-lance journalist

As a freelance trainer in the field of education, Mr. Eshwar remarked that the institution celebrates the multi-cultural diversity of its students’ and teaching staff. He appreciated the professionalism in conducting faculty development programme which results in greater productivity and promoting a continual growth and development of the faculty and students alike.

➤ **Dr. Guruprasad**

Professor, BMS College of Engineering

During his deliberations Dr. Guruprasad opined that there are very good interactive set of teachers, who want to improve their personal profile for professional development. He was impressed by the excellent atmosphere and facilities provided by the institution. He promised that he would with the teachers for any kind of help they need.

➤ **Dr. Asha Sidd**

Psychologist, counselor, life coach, columnist, trainer and motivational speaker

A Counselor/psychotherapist for nearly two decades is a very humane and compassionate person, who reaches out genuinely to touch hearts wherever she goes, in her professional and personal capacity. She has spoken about teachers as the assets of any institution; and conducting FDP with good instructions and interaction for them would lead to tremendous improvement of the institutions.

➤ **Mr. T A. Sundar Anantha Raman**

District President of Sathya Sai Seva organizations,

Mr. Sundar during his value education program appreciated the initiative of the institution in inculcating the values amongst engineering students.

➤ **Dr. Ammita**

Free-lance trainer specializing in people development, performance enhancement and program and project management

Dr. Ammita mentioned that the institution's progressive thoughts and willingness to invest towards faculty development programs is noteworthy. Understanding that not only academic knowledge but other skills also are equally important for the faculty to make an institution deliver success is laudable. The amount of research done by the QASDC team while planning of any FDP and providing need based solutions Via FDP sessions is truly commendable.
