

DEPARTMENT OF APPLIED SCIENCES

Dear Mentors,

We are pleased to welcome you to the ongoing semester and extend our gratitude for your commitment to fostering the growth and success of our students. As a mentor, you play a crucial role in guiding students, helping them navigate challenges, and encouraging them to reach their full potential. To ensure consistency and effectiveness in our mentoring program, please take note of the following responsibilities:

1. **Regular Interaction and Support:** Conduct regular meetings with mentees to discuss academic progress, personal goals, and any challenges they may face. Encourage open communication and provide a supportive environment.
2. **Academic Guidance:** Assist mentees in developing study plans, time management skills, and setting achievable goals. Identify areas where they may need additional resources or support.
3. **Counselling on Personal and Professional Development:** Help mentees identify career goals, develop skills, and guide them in decision-making processes that impact their future.
4. **Monitoring Performance and Attendance:** Keep track of mentees' academic performance and attendance. Offer guidance on how they can improve and follow up on any concerns that may arise.
5. **Providing Resource Information:** Inform mentees about available academic resources, counselling services, workshops, and other opportunities that can enhance their learning and personal growth.
6. **Reporting and Documentation:** Maintain records of each mentoring session in Contineo/mentor book and provide feedback to the under signed
7. **Addressing Behavioural Concerns:** Be proactive in identifying and addressing behavioural or emotional issues that may hinder mentees' progress. Please refer them to professional support when necessary.

We appreciate your dedication to the mentoring program and look forward to a productive and rewarding year. Your support will make a lasting impact on our students' academic journey and beyond.

Please find the list mentees attached

Thank you

Dr. Anusuya
