NEW HORIZON COLLEGE

The Department of Applied Sciences, New Horizon College of Engineering, successfully organised an Expert Talk titled “AI for Non-Coders: Design, Content, and Creativity” on 09 December 2025 at the Falconry Seminar Hall. The session aimed to introduce students and faculty to the power of Artificial Intelligence tools that enable innovation, content creation, and design—without the need for coding skills. This program aligned with NHCE’s vision of fostering technological awareness and interdisciplinary learning among first-year students.

The session was delivered by, Dr. Sivabalan N, Data Integration Specialist, NTT Data.

Dr. Sivabalan brought rich industry expertise in AI-driven solutions, automation, and data integration. His engaging presentation style and practical examples made complex AI concepts easily understandable for non-technical learners.

Dr. Sivabalan covered the following key topics:

- **Introduction to AI for non-programmers**
  Understanding how AI tools simplify content creation, design, and everyday tasks.
- **AI for Content Development**
  Demonstration of tools for generating text, summaries, social media posts, and blog content.

- **AI in Design and Creativity**
  Hands-on examples of using AI for posters, presentations, UI mockups, and digital art.
- **No-Code AI Tools**
  Overview of popular AI platforms that work without programming:
  – Generative tools for images and text
  – Workflow automation tools
  – Chat-based AI platforms for professional tasks
- **Ethics and Responsible AI Usage**
  Discussion on privacy, academic integrity, and responsible use of AI technologies.

Students actively participated and asked insightful questions regarding: How AI can support academic work, Using AI for engineering projects, Career opportunities in AI without coding, real-world applications of industry. The speaker addressed each query thoughtfully, making the session lively and engaging.

The Department of Applied Sciences extends a heartfelt thanks to Dr. Sivabalan for sharing his expertise and to the leadership team for their continuous support. The event served as an enriching experience for all participants and contributed significantly to fostering an AI-aware academic culture at NHCE.
